

**SPLASH**  
PITTSBURGH · 2015  
OCTOBER 25-30

**SIGPLAN**

<http://2015.splashcon.org/>

**ACM SIGPLAN Conference on Systems,  
Programming, Languages and Applications:  
Software for Humanity (SPLASH)**

**Events:**

**Keynotes:** Lars Bak, Nick Feamster, and Rob DeLine

**OOPSLA** - Novel research papers on the aspects of software development and programming

**Onward!** - Premier conference focused on everything to do with programming and software

**Dynamic Languages Symposium (DLS)** - Forum to share knowledge on dynamic languages, implementation, and apps

**SPLASH-E** - Forum for researchers and educators to share educational results, ideas, and challenges

**SPLASH-I** - Invited speakers on current topics in software, systems, and languages research

**Wavefront** - Presentations and technology talks of interest to the software community, particularly to software professionals

**Also** - Demos, Doctoral Symposium, Posters, Student Research Competition, Student Volunteers, Tutorials

**Workshops:**

- **AGERE!** - Programming based on Actors, Agents, and Decentralized Control
- **Domain-Specific Modeling (DSM)**
- **Eclipse Technology eXchange (ETX)**
- **Evaluation and Usability of Programming Languages and Tools (PLATEAU)**
- **Future Programming Workshop (FPW)**
- **Mobile Development Lifecycle (MobileDeLi)**
- **Parsing@SLE**
- **Programming for Mobile and Touch (PROMOTO)**
- **Reactive and Event-based Languages & Systems (RELS)**
- **Smart Software Strategies: 15 Years After Y2K - Everything Old is New Again**
- **Software Engineering for Parallel Systems (SEPS)**
- **Workshop on Dynamic Analysis (WODA)**

**Co-Located Events:**

**SLE** - Conference on Software Language Engineering (SLE)

**GPCE** - Conference on Generative Programming: Concepts & Experiences (GPCE)

**DBPL** - Symposium on Database Programming Languages (DBPL)

**PLoP** - Conference on Pattern Languages of Programming (PLoP)

**Important Dates:**

- 30 June: Demos, Doctoral Symposium, Posters, SPLASH-E, Student Research Competition, Tutorials, Wavefront
- 7 August: Student Volunteers
- 25 September: Early Registration Deadline

**Organizing Committee:**

**General Chair:** Jonathan Aldrich, Carnegie Mellon University

**OOPSLA Papers:** Patrick Eugster, Purdue University

**Onward! Papers:** Gail Murphy, University of British Columbia

**Onward! Essays:** Guy Steele, Oracle Labs

**DLS:** Manuel Serrano, INRIA

**Artifact Evaluation:** Robby Findler, Northwestern University and Michael Hind, IBM Research

**Demos:** Igor Peshansky, Google and Pietro Ferrara, IBM Research

**Doctoral Symposium:** Yu David Liu, State University of New York (SUNY) at Binghamton

**Local Arrangements:** Claire Le Goues, Carnegie Mellon University

**PLMW:** Darya Kurilova, Carnegie Mellon University, Zachary Tatlock, University of Washington, and Crista Lopes, UC Irvine

**Posters:** Nick Sumner, Simon Fraser University

**Publications:** Alex Potanin, Victoria University of Wellington

**Publicity and Web:** Craig Anslow, University of Calgary and Tijs van der Storm, CWI

**SPLASH-E:** Eli Tilevich, Virginia Tech

**SPLASH-I:** Tijs van der Storm, CWI and Jan Vitek, Northeastern University

**Sponsorship:** Tony Hosking, Purdue University

**Student Research Competition:** Sam Guyer, Tufts University and Patrick Lam, University of Waterloo

**Student Volunteers:** Jonathan Bell, Columbia University and Daco Harkes, TU Delft

**Tutorials:** Romain Robbes, University of Chile and Ronald Garcia, University of British Columbia

**Videos:** Michael Hilton, Oregon State University

**Video Previews Czar:** Thomas LaToza, UC Irvine

**Wavefront:** Dennis Mancl, Alcatel-Lucent and Joe Kiniry, Galois

**Workshops:** Du Li, Carnegie Mellon University and Jan Rellermeier, IBM Research
